

Introducing the unrivaled pinnacle of luxury and performance: the 2007 Lancair ES-P. This exceptional aircraft stands alone in its class, featuring the exclusive distinction of being the sole pressurized Lancair with an extended rear pressure bulkhead, granting it unparalleled cargo capacity. Now, experience the ultimate in pressurized comfort as you soar faster than a Cirrus SR22, with ample space for luggage and pets. Boasting dual 10" G3X touch screens, a Garmin 750 GPS, Garmin GFC 507 autopilot with VNAV, air conditioning, Thermawing Deice, and more, this aircraft exemplifies innovation. Cruise at over 200 Knots True Airspeed while consuming a mere 17 gallons per hour or less. Don't let this EAA Outstanding Workmanship award-winning masterpiece slip away.
